

## Bring Santa & Mrs. Claus to your event or party.

There are not too many things more exciting than a visit from Santa & Mrs. Claus! I am a real bearded (naturally white) Santa Claus and adhere to the Santa Claus Oath.

We offer corporate & home visits with storytelling, photos, & the passing out gifts. If you would like Santa to deliver a car, engagement ring, a surprise arrangement can be made!

We love to participate in Christmas festivities with children as magic fills their hearts and they are filled with the wonder of the season. We are excited to enhance their experience with our visits. Optionally, we can provide a DJ/Emcee and or a photographer for your event.

The Claus's will pose for photos with the family and take the time to chat with all the family members, making an enjoyable time for the little ones and even grandparents.

We sit for photos and take time with the children to find what they want for Christmas.

- I take time to talk gently to the child and give the child time to see that I am OK. I never allow a child to be forced on me.
- Whenever possible I like to gently hold each of their hands and stare deeply into their eyes. This allows them to know I care and they have my full attention.
- I always tell each child to go home and grab mom and dad, get pencil and paper, make a long list of items you want for Christmas. Then let mom or dad send the letter to me. Parents love this!
- If I get 2 or more children together I ask how the sharing & arguing has been going say; "I have been told you both have been trying very hard, and I am very proud."
- If presents are provided we pass them out.

References upon request.
